User testing

Step 1: The Usability Test

User Feedback: Explain here in detail

1. The color and the font is boring
2. You can only view the win draw lose info of top 3 clubs
3. There are too few functions of the website
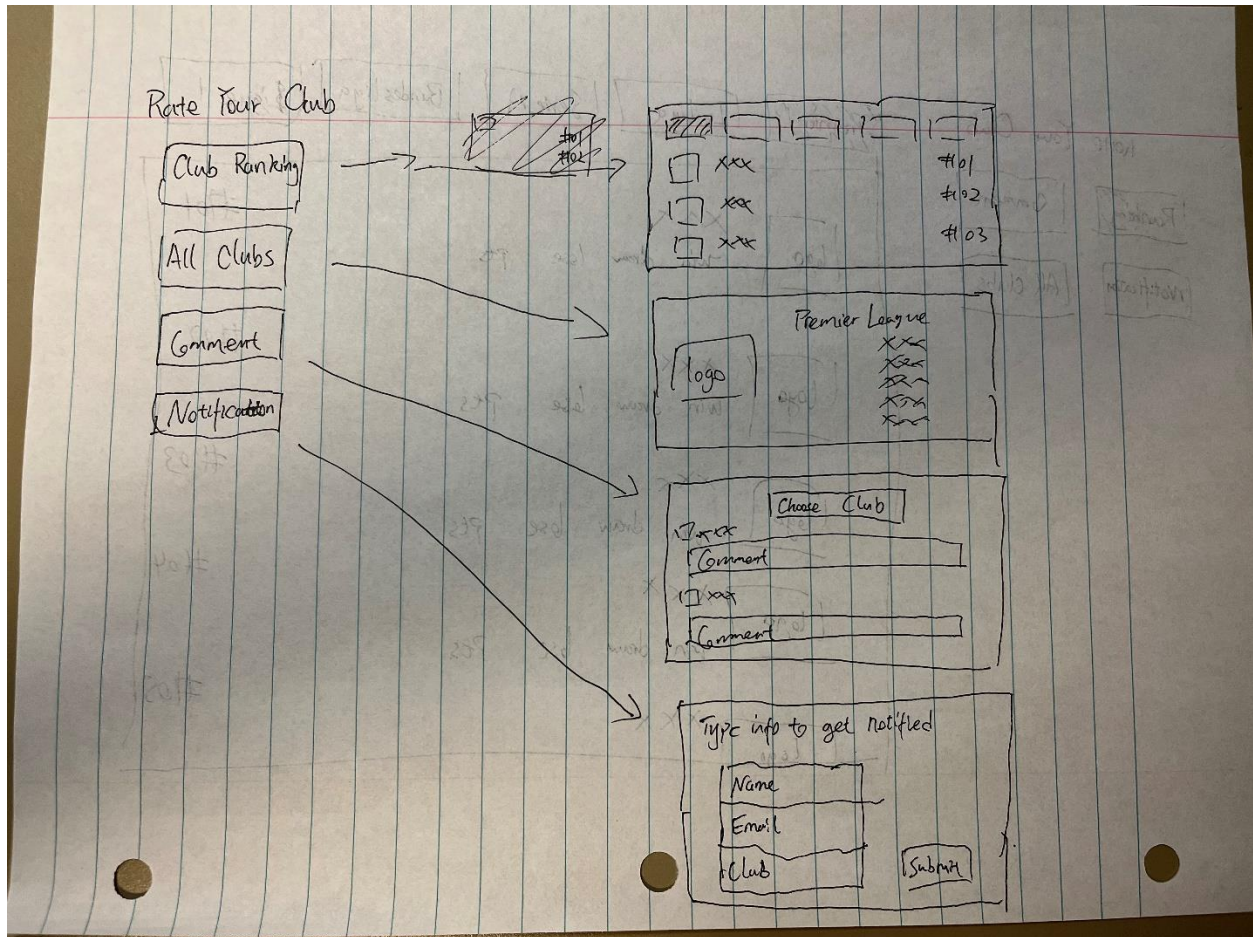

Proposed Changes as a result of feedback
1. The font of the tabs and the list is changed
2. Adding the match information for all the club listed
3. Adding a comment section

Step 2: Revision

Explanation of changes made

1. Change the font and color to match with the background
2. Now people and view the ranking information for the whole league
3. Adding new function to the website, people can now comment about the clubs they support

Sketch with changes

Step 3: Second Usability Test

User Feedback: Explain here in detail

1. All clubs overlapped with club ranking
2. Not all of the clubs have logos, and the logo background could be changed for the ones do have logo
3. The color and the font could be different in each tab

Proposed Changes as a result of feedback

1. Remove of the "all club" tab
2. Addition of logos to all the clubs, change the background of the logo to dark grey to match with the background
3. Alter the font and color for different tabs

Step 4: Revision

Explanation of changes made

1. Club ranking and all clubs overlapped in functions, but club ranking contains more information
2. All the clubs have no logo under all clubs section, and the background of the logo was used to be light blue, which didn't match up with the background of the website
3. The font and color are all the same for the whole website
